PDF request | DESIGN OF POST-WAR SPACE: SYMBOLIC DESIGN OF VUKOVAR | Huge destruction occurred in Vukovar during the 1991 aggression against. It was also bombed by NATO during the war. That is why his architecture of the Stalinist era includes ugly elements of modernism. However, many elements of

the building of the century have not survived to our time, many of them were converted to the needs of NATO. Among these elements, for example, a flagpole and a superstructure in the form of a sailboat on the roof that floated on the surface of the Black Sea. Critics of Vukovar's modernization say that because of the moronic architecture and specific architectural skills, Vukovar would be much better off preserving the heritage, however, they say, the West's victory lies in the fact that there can be no other requirements before the needs of NATO.
