KeyMacro is a convenient utility which enables users to get macros of any application with one click. A KeyMacro is a group of predefined hotkeys of any application. The most common examples of this kind of utilities are ShortKeys, Keyboard Maestro, MacroJoy or Quick Keys. Features of KeyMacro: - Keyboard Maestro-like Hotkeys: Quick access to any key combination of any application with one single click. - Auto-hide any running application: When a program is running, a small icon appears on the system tray. But if this application has a macro of hotkey, a hotkey will appear on the system tray. - Remembers last-used KeyMacro: A list is stored in the KeyMacro folder on the computer. Users can select any of the last-used KeyMacros to access it with one click. - Manages the "Application Context Menu": Users can get macros of any program by right-clicking on any icon of any application in the "Application Context Menu" such as "Windows Explorer" or "Internet Explorer". - User-friendly interface: The interface is clean and simple to use. - Supports all WinXP/Vista/Windows7 OS: This tool works on all Windows versions, including Windows Vista, Windows 7, Windows 8, Windows 8.1, and so on. - Powerful features: KeyMacro supports a lot of hotkeys such as cursor move, scroll, maximize, minimize, close, start, exit, run command, open file, print, save, and more. Users can create their own macros. - Fast access to the program: When a hotkey is created, it will appear on the system tray, and users can access it with one click. - Support on all operating systems: This utility supports all Windows versions. - No change in background: KeyMacro does not change the system tray icon. - Easily handles the application: The keyboard shortcut is inserted automatically, and the working process is extremely quick and user-friendly. - Supports Mac OS: In addition, KeyMacro also supports Mac OS and is compatible with Mac OS X 10.2.6. - Simple: A "Quick Keys" module is also provided for users who only want to create a quick key of any program. - Well organized: All hotkeys of all programs are well organized in a "Macro Library", which is saved on the computer.
