XT Spy (2022)

[Download](#)

XT Spy Free 2022 [New]

⬚ Protect your Children The XT Spy family protects your children and monitors all their computer activity, including internet surfing, instant messaging, chat, e-mail and Skype activity and audio and video calls. You can choose to view activity 24 hours, 7 days or 30 days. Useful for spying on your children and family members, XT Spy can be installed on a computer in your home and watching your children like never before. ⬚ Monitor Spouses, Family Members and Significant Others If you're worried about your spouse, family members and significant others and

want to spy on their computer activity, XT Spy will do exactly what you need it to. You can set this program to automatically start each time your computer is booted, so you can keep a watchful eye on your loved ones. ⬜ Monitor Employees Protect your company's confidential information and get a 24/7 view into what your employees are doing, on company computers and personal machines. To be able to view all of their activities, XT Spy must be installed on the user's personal computer. Useful in many situations, XT Spy also has the ability to keep an eye on your employees – and they can't even know it's there! ⬜ Obtain Passwords, Usernames and Email Addresses With XT Spy, you can obtain passwords, usernames and email addresses. This will enable you to access any personal computer and get the information you need. PLEASE NOTE: If you have more than one computer on a home network, you'll need to obtain all the usernames and passwords separately.
