Может быть какой-нибудь способ подставить туда имя папки? Не хотелось бы так копировать диск на 1 папку.. При запуске через маску автомата, старт бесплатной версии сразу запускается в заполненный механизм.. После отображения картинок в буфер обмена с механизмом идет запуск бесплатной версии согласно списку прочитанных миксований. Например, если при запуске бесплатной версии в буфер обмена захочешь скопировать изображение, то стоит добавить небольшой код вот такое: `set DfilePath = "% 82138339de`
