The Shortz & Kerl was an electrified short line that began freight services in the early part of the Twentieth Century, linking Port Shortz with the Kerl Iron Works. The railroad expanded and prospered over several decades as numerous industries established themselves around the port and the iron works. Like many other traction lines in North America, the railroad closed in the late 1960s. This Model Trainz layout represents the Shortz & Kerl in its hayday. On the layout there are many interactive industries. Many of these industries are interdependent. For example, logs arriving at the Port are sorted at the Dry Sort Yard, which then supplies logs to a timber mill that supplies lumber to a crate manufacturer that, in turn, supplies wooden crates to several industries. The Farmall Tractor Company requires steel from the Kerl works and components from local industries. In addition, a Class 1 railroad drops off and picks up freight cars in the Transfer Track as well as a small locomotive depot and a MoW yard. What's new:

Lee Rodgers records the soundtrack to the movie 'Artificial Intelligence: A Film by Steven Spielberg and Peter Scattasoro'. R.I.P. The first Miami release issued under the "John Wesley King Jr." imprint'. It was a magical time, a new record from one of the greatest salesmen of modern times, Bill Collier, introduced us to a whole new movement, The New Wave of British Synth Sound. The first Miami release, when Sleeper's new production house "John Wesley King Jr." begin issuing laser-discs. This was to be a pivotal year for Miami Fusion and his vision saw over 500 releases coming out of the Miami area during his career. The roster of Miami's audio community was always in flux and grew daily. This seminal music adventure began in 1983 when Miami Fusion began issuing CDs, cassettes, LPs and eventually laser discs. Miami Fusion's goal was to produce quality merchandise that people would want to buy. He was savvy about the promotional materials, even when they were primarily cassette tapes. He was a master of the visuals as well. He saw the importance of a well-designed and cohesive compilation and his vision led us to The Miami Fusion CD Collection and, ultimately, Miami Fusion Laser Disc. "The most complete and exciting release I own." - Fred Adams "Miami Fusion is one of the best I have ever owned." - Marty Obey "Miami Fusion is a pioneer and it is impossible to conceive of a more comprehensive compendium of 'Miami Sound'. If you're a history buff or an adventurous DJ, you'll buy this stuff just to have a complete collection." - DJ Craze "Miami Fusion compilations don't just tell you about the Miami sound, they are the Miami sound. I love such collectibles and for a long time I was too embarrassed to own them, especially one that was so personal. But I'm glad I got one now." - Bill Perring "Miami Fusion is synonymous with the proper introduction of new jazz, rhythm & blues, soul, and disco artists." - Bill Collier, "The sole authority on the small time scene of Miami." - Miami Herald "Under the Miami Fusion umbrella fell the tightest, slickest stable of DJ masters around. If you'd like to see Miami in technicolor, contact Miami Fusion." -
