

SysTools Exchange EDB To EML Converter Crack License Keygen Download [Mac/Win] (Latest)

Email Recovery EDB to EML Converter is a simple EDB database to EML converter. It was created to enable any Exchange user to manage all his mailboxes and folders in a single EML file. SysTools Exchange EDB to EML Converter Main features: ♦ The EDB to EML Converter can convert your selected mailboxes or contacts and calendar items to the EML file format, so you can save yourself the trouble of managing multiple Exchange mailboxes. ♦ You can scan your database quickly and easily and get back to a normal state in no time. ♦ The tool also features two scanning modes: quick and advanced. The first one is suitable for scanning healthy databases, while the advanced scan is useful when the EDB file is corrupted. ♦ Moreover, you can preview the contents of the original EDB file first, before starting the actual conversion process. ♦ The EDB to EML Converter can convert any Exchange mailboxes of any edition or interface. ♦ You can easily manage and save your converted files into the ZIP format. ♦ The application can also convert items inside the backup folder of the EDB file. ♦ The tool converts EDB databases in just a few easy steps. ♦ The whole process can be done in two simple steps: 1. Select the items you want to import to the EML format. 2. Start the process and enjoy the results. ♦ SysTools Exchange EDB to EML Converter provides 2 files for each mailbox or contact/calendar item (DB.edb and EML file): ♦ Optionally, SysTools Exchange EDB to EML Converter can export the specified items to PSTj file as well. ♦ Some of the items inside the imported EML files that are not the items you selected while importing can be managed and saved in the ZIP format. ♦ Users can choose the destination folder inside the ZIP file, and the downloaded items can be organized in a way they prefer. ♦ The preview function lets you see exactly what you are going to import to EML and can also be used to check if any items are missing from your EDB file. ♦ SysTools Exchange EDB to EML Converter enables the import of several items such as: ♦ Inbox ♦ Contacts ♦ Calendar Entries ♦ Tasks ♦ Notes ♦ Attachments ♦ Dead Items ♦ Attachments ♦ SysTools Exchange
