Q: Area 51 recommendations for mathematics We (and by "we" I mean my good friend, @VincentWu) just re-proposed things to Area 51, and got a question from a member of the mathematics community about whether Area 51 would be a good fit for mathematics. That's not the site's main purpose, but the site is about a specific domain of mathematics, and even though I'm not personally a big fan of proposals for specialised sites, I think it's useful to have at least one for math. But I don't know if it's still possible to create a site for mathematics in Area 51, and if so, how can we (in particular, @VincentWu) do that? A: Update (from Area 51) We are looking at a mathematics proposal. Update (from A51) Please provide a brief summary of the area of mathematics you are interested in and what sub-field and/or specific area of
