After the way the Buffalo Bills' playoff-clinching win over the Tennessee Titans turned out, some Bills fans might call for Todd Bowles to be fired. The Bills head coach admitted he doesn't coach the game by the numbers, saying he generally allows his players to play free-flowing football during an interview before a

game. But Bowles acknowledged his position is safe for this year. He said he's on the hot seat only if Buffalo doesn't achieve the big goal this season. "I don't play that game," Bowles told the team's official website. "I can't control everything. You want a mic to drop out of the sky? Come get me. We've got to try and win in November." That's fair. Buffalo has won eight of 10 games with Bowles leading the team, and they were in the playoff picture this season long before these past three games. They have

outscored opponents 166-63 and crushed key divisional rival New England earlier this season and then saw the Titans nearly run the table after falling behind 21-0. Bowles may not have anything to do with the team's recent woes, but he hasn't led them to a postseason trip since 2016. It's also not like that decision isn't consistent with the coach's philosophies. Bowles has been criticized for his conservative approach in 2017, though not as much as Sean McDermott was. Last year,
